

A Prayer for February 23, 2021

George Fong, Resident at Westminster Oaks, Tallahassee

Our Lord of Heaven and Earth,

During this time we have never experienced, we confess our struggles, yet we express our thanksgiving for your blessings as well.

During this time of isolation, we are blessed with planned and virtual visits, friendship and neighbors.

During this time of pandemic, we are blessed by the precautions, and medical assistance, and to be receiving the vaccine.

During this time of boredom, we are blessed with coffee hour, high-tech entertainment and volunteer opportunities.

During this time of health, hygiene and fitness, we are blessed with health care and rehabilitative service, delivered and carry-out meals, apartment cleaning, and exercise sessions.

During this time of prayer, we are blessed with our religious services and our freedom to pray.

During this time of hope, we are blessed with a cooperative and transparent Administration and Resident Council.

We are blessed to be Westminster residents and team members.

In your name, we pray, Amen.
